**NOTICE AND DEMAND FOR REDRESS of GRIEVANCE REGARDING WEATHER
MODIFICATION, GEO ENGINEERED WEATHER AKA CHEMTRAILS**

To: Virginia Governor

Virginia Lt Gov

Virginia House of Representatives

POTUS

Congressman Jim Jordan

Attorney General, United States of America

I, [Your Full Name], a living individual and constituent in [Your District/State], hereby give formal NOTICE of my grievance and DEMAND for redress regarding the WEATHER MODIFICATION, GEO ENGINEERED WEATHER AKA CHEMTRAIL. This is submitted in good faith under my First Amendment right to petition the government for redress of grievances, without intent to harass or disrupt.

As beneficiary, it is my duty to educate and notice my legislature on the unlawful poisoning of the air, soil and water of the land of the United States of America. My purpose is to notice you that I have educated myself on the organic laws of this state and country, and your violation of those laws.

Yes – It is my desire in this notice to inform you of the ways in which your actions have violated, or not supported the laws of equity or of the laws established in our state and federal constitutions.

Please take notice that unauthorized aircraft are spraying the skies with heavy metals, and other toxic materials. These substances are getting into our air, water and soil, destroying the crops, the safety of the water and our food.

Please take notice that some of the chemicals are alleged to contain elements such as barium salts, aluminum oxide, strontium, mercury, graphene, and various polymers.

Please take notice that in the **United States Declaration of 1776**, it states:

That to secure these rights, Governments are instituted among Men, deriving their just powers from the consent of the governed,—That whenever any Form of Government becomes destructive of these ends, it is the Right of the People to alter or to abolish it, and to institute new Government

Please take notice that in the following study **“The Severity of Autism Is Associated with Toxic Metal Body Burden and Red Blood Cell Glutathione Levels”**, autism is linked to heavy metals appearing in the environment. Overall, the correlation analysis found multiple significant correlations of severity of autism and the urinary excretion of toxic metals, such that a higher body burden of toxic metals was associated with more severe autistic symptoms

Ref: <https://pmc.ncbi.nlm.nih.gov/articles/PMC2809421/>

Please also take notice that the Declaration of the United States of 1776, it also states:

*We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain **unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness.***

These statements mean that the people who are the beneficiaries under the original founding documents of this nation have rights to safety of life, property and happiness, as stated in the Declaration and original Bill of Rights.

Please take notice that Equity acts in personam: Equity acts on the duties of people, not objects, or “[e]quity acts *in personam*, not *in rem*.” *Diallo v. Redwood Invs., LLC*, Case No. 18-cv-1793 (S.D. Cal. Aug. 6, 2019). Today, the term “people” includes legal entities like corporations.

Please take notice that in the Virginia State Constitution, Section 3. Government instituted for common benefit, it states:

*That government is, or ought to be, instituted for the common benefit, **protection, and security of the people, nation, or community;...***

Demand for Redress: I respectfully demand the immediate estoppel of ALL spraying of chemicals and toxins by aircraft into the air over the State of Virginia and all other states of the united States. These actions are poisoning the crops, water, animals and humans who rely on the food and water for survival.

We the people have now been educated on our duty to notice you, and will continue to notice you on a regular basis, until this mess is cleaned up, and this government is returned to its original intent – to govern “deriving their just powers from the consent of the governed”.

Please respond within 20 days outlining steps you will take to remedy this situation as per my grievance, or this will be noted as a failure to address constituent concerns.
